SAY "I DO"

IN CASCAIS

The Portuguese Riviera offers natural beauty, glamour, charm and good weather – everything you could want for your wedding

When it comes to destination weddings, Cascais ticks all the boxes. Set on the Atlantic coast, it's in the ideal location, just 25km from Lisbon and its international Airport, and 7km from the UNESCO World Heritage town of Sintra.

Tranquil and romantic, at over 650 years old the town is not only rich in history, but also beautiful landscapes, attractions and experiences. Combine that with a year-round mild climate and wonderful local cuisine that's abundant in fresh seafood, and it's no surprise it's such a wedding hotspot.

There's a dream venue for everyone. You can marry overlooking the bay from Santa Marta lighthouse, or in an elegant villa set in exotic gardens. Alternatively, say your nuptials in a palace that rises from the lush Sintra Mountains, or somewhere modern such as Arriba by the Sea.

Your wedding photos will

look spectacular with all the magnificent sceneries available. From the protected Sintra-Cascais Natural Park to a choice of sandy beaches, lagoons and cliffs, Cascais Marina, stunning gardens, the medieval Citadel and more.

Accommodation in the area is just as diverse. It includes self-catering and boutique hotels to the five-star Grand Real Villa Italia Hotel & Spa (erstwhile residence of King Umberto II of Italy). You'll find all the services first class – nothing's left to chance – and great value for money too. Add the warm local welcome, and you have the recipe for a fantastic wedding!

After your big day, there's lots to do. There are city tours, Estoril Casino with its full cultural programme and concerts, museums and art galleries to visit. For the adventurous, there's sailing, cycling, horse riding, diving and walking, to mention but a few activities.
